

# Jonathon Condon

---

## SKILLS

- Front-End HTML, CSS, and Javascript
- Advanced methods including React and MySQL
- Problem Solving and Team-work, including leadership.

## BRAND STATEMENT

My name is Jonathon Condon. I am a jack of all trades, having worked in varying fields of employment. My quick learning paired with mindful intellect in things both academic and technical are my most capable assets. I am a natural leader and follower, working with the best interest of the project in mind.

## EXPERIENCE

### **QFC- Seattle, WA** – *Butcher Assistant*

January 2020 – March 2020

- The main focus in this job was Customer Service, servicing a customer counter and maintaining the department once the manager was not present.
- Closed the department independently, managing the full clean up and check out of the meat counter and ensuring a successful close.

## EDUCATION

### **University of Washington- Seattle, WA** – *Full-Stack Certificate*

November 2020 – March 2021, Seattle

This school is an efficient workplace, full of robustly talented web development staff. Their love for coding and teaching allows for swift mastery from their students.

## MERITS

- Meritoriously promoted to Squad Leader for outstanding performance in the Washington Youth Academy program.
- 3 Academic Excellence Awards, earned while maintaining a GPA over 4.0.
